DESIGN AND STRATEGY
FOR ALL MEDIA

HANDYRANDY COMMUNICATIONS INC.

Paul Q. Trieu | Business Dev / Sr Graphic Artist

Never adverse to hard work or high volume, Paul is 'the rock' at HandyRandy. Taking the reigns of the company between September 2008 and April 2009 while our Creative Director battled cancer, Paul proved to be both our firm's and our client's biggest asset – maintaining our service and our reputation for quality work.

Completing his Graphic Design education at SAIT in 2005, Paul converted his contract work with HandyRandy into full time employment, where he has proven himself time and time again to be a 'go-to' team member.

Addressing the day-to-day needs of such clients as Toromont Energy Systems (a global leader in natural gas compression systems), OmniArch Equity Partners (financial/investments), Kudu Industries (oil) and more, Paul works on countless projects annually.

Paul is multi-lingual, honest to a fault, stable and very dependable.
